

Полная декларативность: любой узел

```
const css = require('./css.json'), visited = {};
```

```
block('*')  
  .match()(node => !visited[node.block])  
  .replace()(node => {  
    visited[node.block] = true;  
    return [  
      css[node.block],  
      this.ctx  
    ];  
  });
```
